#### **INFORMATION ITEMS**

#### 4. San Pedro Bay Ports Clean Air Action Plan (CAAP) Update

Heather Tomley, Director of Environmental Planning, Port of Long Beach, provided a presentation on the 2017 San Pedro Bay Ports Clean Air Action Plan Update (CAAP). Ms. Tomley stated in November 2017 the CAAP Update was approved unanimously and it followed previous plans adopted in 2006 and 2010. She noted the CAAP Update included a vision and set of strategies to accelerate progress toward a zero-emission future while protecting and strengthening the ports' competitive global position. She noted that the principle strategies included clean vehicles, equipment technology and fuels, infrastructure investment and planning, and operation efficiency throughout the supply chain.

Ms. Tomley reported that ports emissions were regularly tested and over the past 10 years, Diesel Particulate Matter had been reduced by 87%, Nitrogen Oxides by 56%, and Greenhouse Gases by 18%, while the number of Twenty-Foot Equivalent Units (TEUs) moved increased by 10%. Ms. Tomley reviewed several cooperative efforts with ports customers including reducing vessel speed and providing dockside power to reduce ports emissions. She noted other plan

strategies involved working with harbor craft and on-road trucks to reduce emissions, and continuing efforts involved cooperative agreements with stakeholders to encourage an increasing use of cleaner equipment and vehicles. She added that the Technology Advancement Program would remain in effect to develop, demonstrate, and deploy cleaner equipment and vehicles.

Hon. Jim Gazely, Lomita, asked about moving cargo during the third-shift hours overnight. Ms. Tomley responded that overnight production was an area to be explored and their current initiatives such as a truck reservation system would assist that effort.

#### 5. Governor's Office Of Planning and Research (OPR) Proposed SB 743 Implementation Guidelines

Michael Gainor, SCAG staff, provided an update on the Proposed Senate Bill 743 (SB 743) Implementation Guidelines. Mr. Gainor stated that the Governor's Office of Planning and Research (OPR) had submitted their final proposed guidelines for implementation of SB 743 to the California Natural Resources Agency for its final rulemaking. He noted the proposed guidelines were informed by input from throughout the SCAG region, and that SCAG was crafting a comment letter in response to the proposed guidelines. He further noted that SCAG hosted a workshop January 31, 2018 where regional stakeholders could speak directly with OPR staff regarding the proposal. Mr. Gainor reviewed the specific details contained in the comment letter.

Hon. Marsha McLean, North Los Angeles County, asked how vehicles miles travelled would be calculated and commented that this act would burden local jurisdictions who lack the resources to verify compliance. Mr. Gainor noted that SCAG would provide assistance to local jurisdictions to support their efforts.

Hon. Steven Hofbauer, Palmdale, noted that his jurisdiction had large manufacturing facilities and asked how trip origin and destination would be calculated. Mr. Gainor responded that modelling would be used in the process.

# 6. Orange County Streetcar Project

Tresa Oliveri, Community Relations Officer, Orange County Transportation Authority, reported on the Orange County Streetcar Project (OC Streetcar), a 4.15 mile streetcar line from Santa Ana Regional Transportation Center to the future transit hub at Harbor Boulevard and Westminster Avenue in Garden Grove. She stated that it would have 10 stops in each direction, 18 connections to OCTA bus service, 10 minute headways during peak service, and each car would have a capacity of 150 passengers. She noted that it would have a connection to both Metrolink and the Amtrak Pacific Surfliner, and the cost of the project was estimated to be \$299 million. She noted OC Streetcar was currently in the engineering phase and was expected to begin operation in late 2020.

Hon. Art Brown, Buena Park, asked if there were discussions about continuing the line northward in order to connect with Los Angeles Metro at the county line. Ms. Oliveri responded that a current study was underway for the Harbor Boulevard corridor, which could identify opportunities for a northern extension.

Hon. Steven Hofbauer, Palmdale, asked if Bus Rapid Transit (BRT) was considered as an option. Ms. Oliveri responded that BRT was considered, but it was felt a streetcar would provide permanent infrastructure and a more firm commitment to potential developers.

#### **METROLINK REPORT**

Hon Art Brown, Buena Park, stated that Metrolink was developing its Fiscal Year 2019 budget, which included capital investments and no fare increases. He shared that work had begun on repairing, renovating, and repainting the track overhead canopies at L.A. Union Station, and that the work was being done at night; however, platforms would be closed certain days while the work occurred. He reported that in February the California State Transportation Agency awarded \$10.5 million to Metrolink for signal and track modernization that would improve safety, speed, and reliability for Metrolink and Amtrak trains arriving and departing at L.A. Union Station.

# **CHAIR'S REPORT**

Hon. Curt Hagman, San Bernardino County, reminded members to submit their 700 forms by Monday April 2, 2018.

#### **FUTURE AGENDA ITEMS**

Hon. Russell Betts, Desert Hot Springs, suggested an item on Caltrans work schedule. Hon. Randon Lane, Murrieta, asked for a discussion on future fuel technologies. Hon. Jim Clarke, Culver City, requested an item on Elon Musk's Boring Company's activities.

#### **ADJOURNMENT**

Hon. Curt Hagman, San Bernardino County, adjourned the meeting at 11:53 a.m.

[MINUTES ARE UNOFFICIAL UNTIL APPROVED BY THE TRANSPORTATION COMMITTEE]
